

MHK INSURANCE

Enduring Legacy of Real Relationships & Reliable Coverage

OUR
ENDURING
LEGACY

It is rare to find an insurance brokerage today that remains fiercely independent in its operations and service offerings with deep entrepreneurial roots that go back more than a century. **MHK Insurance is that brokerage.**

Albertans and their businesses, from startups to successful enterprises, continue to be the utmost priority for the MHK team. For generations of clients, MHK has led the way in providing highly advisory insurance services and robust, reliable risk management programs for both personal and commercial insurance, as well as versatile premium financing.

How our team of 80 insurance and business professionals collaborate to provide our '5-Star' services is truly the secret of our success.

112 YEARS
SERVING
ALBERTANS

Over the years, we've gradually and deliberately grown to become one of the largest insurance brokerages in Alberta, without losing any of the customer focus and personal attention that have defined our company since its beginnings.

With a name that carries weight in the industry, we leverage our longevity and credibility, well-established relationships with insurance companies, and scale with extensive partner resources across Canada to offer our clients the...

REPRESENT
GLOBAL
INSURERS

We represent more than 100 insurance companies and underwriting facilities worldwide. Insurers know us well and have always respected our ability to be great partners as we present clients in the most comprehensive, savvy and ethical manner for their review.

We are further known for our culture of technical excellence, fairness, and zealous advocacy for our clients. The insurers expect us to drive a hard bargain but they have a vested interest to work with us. This proves beneficial to all our clients.

MHK Insurance operates independently in Alberta with the added benefits that come from our partnerships as part of the McDougall Insurance Group of brokerages across Canada. This provides us greater scale and strength in the Canadian insurance marketplace.
